### ALL THEY MAY NEED

Manufacturers Present the Soldiers With Dishes.

NO COMPANY SO WELL SUPPLIED

The Boys Will go to Camp Well Equipped For a Pleasant Time—Every Member Must Attend or Provide a Substitute. There is a Penalty For Breaking the Regulation.

Captain Will Hill and his soldiers will leave for Camp Cleveland well equipped with those thousand and one little things to make cheerful the way of the guardsman.

The company held a meeting last evening, and after transacting some business drilled on the street. They presented a very nice appearance, and there is a noticeable improvement in the marching of the command. They have been informed by Knowles, Taylor & Knowles, the Harker Pottery company, the Thompson company and the D. E. McNicol pottery that they will be supplied free of any charge with all the dishes they need. The list will contain a complete outfit, and the boys will not bow down to any company in the regiment when their outfit is considered. Table clothes, spoons, knives, forks and all other necessities will be taken, and the young soldiers fondly believe they will live like kings. Three cooks will see that they are well fed, and every man of the command expects to be well taken care of. Bright and early next Monday morning the company will assemble at the armory, and after all the details have been arranged will take the nine train for Cleveland. Patrols will scour the city for those men who find no charm in camp life, and there will be no stragglers. Every member of the company must go to camp or send a suitable substitute. The orders upon this point are strict, and will be enforced this year to the letter. There is a penalty attached to the law, and Colonel Gyger will see that in every instance it is carried out.

Cleveland is now engaged in the pleasant pastime of celebrating its centennial, and the soldier boys are the lions of the hour. The camp has been formally dedicated, and the regulars have already arrived. The troops in camp this week will have the best part of the program, but the Eighth will be well entertained during the time they are there. When not in camp the boys can find amusement in abundance in the city, and wonder is that any would want to stay at home. It is expected that the Eighth will have more men this year than for some time, the Canton companies being full and in better condition than ever.

COMMENCEMENT AT MT. UNION.

Hon. R. W. Taylor Makes the Principal Address Today.

This is commencement week at Mt. Union college, and many East Liverpool people who were educated there are interested. Hon. T. B. Morgan was the chairman yesterday, and an excellent program was carried out. The principal address will be made today by Hon. R. W. Taylor, and Mrs. Ikert will be in the chair at the woman's meeting tonight. Hon. John Sherman will speak tomorrow evening, and Major McKinley will be present on Thursday. Bishop Vincent is also on the program for that day when the commencement exercises proper will be conducted.

THE LIGHT FOLLOWED.

A Will-o-the-Wisp Chased a Wheelman.

While Inspector, Reed of the light company, was riding his wheel to East End he was startled at seeing a light in the road directly in front of him. It threw out a strong phosphorescent glow, and when he approached rose in the air until it was above his head. Then he gradually gained on it, and after a time it disappeared, losing its light very gradually. The nature of the ground tends to produce these lights, and several people have recently seen them.

IN DARKNESS.

Wellsville's Council Will Settle the Question Tonight.

Wellsville may be in darkness owing to the inability of council and the electric light company to come to terms. The matter will be discussed at a meeting tonight, and if the present rate charged for the use of the lights is not reduced, council will order them turned off and residents will be obliged, as of yore, to carry lanterns to light their way.

Afraid of Highwaymen.

A young man from the city called on his best girl at Spring Grove, Sunday evening. When it came time for him

to depart he began to think of the recent highway robberies. The thought so frightened him that he hunted the grounds over to find someone coming to the city. As there was nobody to be found he finally decided to stay all night, and after several attempts succeeded in waking the people at the dormitory, where he secured a room.

BUY A MUZZLE.

The Police May Shoot Your Dog If You Neglect It.

According to the law of the city, the period has arrived when dogs, in order to enjoy the privilege of roaming the streets at will, must be muzzled. The police have the power to shoot all dogs unmuzzled with muzzles should they appear on the street, and the purchase of a little wire may save someone a valuable dog. Chief Johnson stated this morning that he had not given the matter a great deal of consideration, but he favored a rigid enforcement of the law. The time specified by the ordinance extends to Oct. 10, and it is likely that a few homeless curs will cease to exist before that arrives.

THEY'RE AFTER HIM.

Neighbors Want a Man to Change His Ways.

People in the lower part of the city are disgusted with the actions of a man who has been living in the country, but is now employed in town. They claim that he has set up a hearthstone and secured a companion to make light his way, and that the woman upon which he should set his affections is living a short distance from town with a family of several children. The man is promised an interesting experience in which tar, some feathers and a party of indignant citizens will play a leading role if he does not forsake his evil ways, and care for his family.

NO DELAY.

The River Improvements Will Be Commenced at Once.

Word was sent out from Washington a few weeks ago that the condition of the treasury warranted a saving of funds at every turn, and the money required for the improvement of the river would not be available until too late to be used this year. Today comes another story that not an officer now connected with river work will be assigned to duty on the new fortifications, and the appropriation for the Ohio river will be available as soon as the work is mapped out. The government engineers in Cincinnati are now busily engaged in preparing the plans.

IT REQUIRES WORK

To Get Water Out of the Diamond Well Now.

A laughable sight was witnessed at the Diamond pump yesterday afternoon. Two young men went to the pump for the purpose of getting a drink of water. After one of them had spent some time in pumping, without any sign of water, the other took his coat off and started to work, and with their united efforts they were enabled to secure a drink. A person unacquainted with the time it takes to get water out of the well by the present system, would give it up in disgust with a supposition that the well was dry.

BLOCKADED.

The Cleveland and Pittsburg Handles Many Empty Cars.

The Cleveland and Pittsburg are now suffering from a surplus of empty cars. The depression in the iron trade has crowded the river division with empty coke cars, and there are many on the main line. The Toronto, Steubenville, Brown and Mingo sidings are filled with empties, and many are in Pittsburg. Traffic in other freight is very heavy, and the company is doing a big business. Long trains pass through the city every day, and it has been months since the road was so busily employed.

AWAITING A DECISION.

Many Vehicle Owners Have Not Paid the Tax.

A large number of people who own vehicles in the city have not paid the tax imposed by council several months ago. Not a few paid out the required amount as soon as the ordinance became operative, but others decided they would await the action of the court. It is estimated that more than one-half have settled with the city, but the number of delinquents is large enough to make the collection of the sum still due the authorities a matter for consideration in calculating the city's assets.

The List of Entries.

Porter Herbert and Heber Davidson have entered in the novice race to be carried out at Lisbon on Thursday. Ollie Baker and Charlie Herbert are entered in the nine-mile road race, and E. H. Laughlin will try for the half mile handicap.

### COMING TO THE CITY

The Jury in the Street Railway-Commissioner Case

TO VIEW THE WELLSVILLE ROAD

No Settlement Was Made This Afternoon, but Short and Grover May Reach Lisbon Tonight From Cleveland—They May Yield a Point or Two.

Lisbon, July 21.—[Special]—The principal attraction at the court house today was the suit of the county commissioners against the East Liverpool and Wellsville street railway.

There was a goodly attendance of the curious this morning, but they were disappointed if they had anticipated a lively session. The case was not called. When Judge Blandin and Attorney Weeds came in from Cleveland they were met by Colonel Hill, Judge Blandin, the commissioners and Prosecutor Speaker. The party retired to the petit jury room, and the conference began. The railway people wanted a compromise, and were there for that purpose. As hour after hour went by it was generally conceded that a settlement would be made, and the commissioners would eventually yield a point or two. Nothing was given out, and it was 2 o'clock this afternoon before it was known that no arrangement had been made. An effort was made to have Johnson, Short and Grover, the defendants who are in Cleveland, come to terms by telephone, but they could not see it that way, and the case was called in court. The jury were sworn, and after a brief presentation of the case they will be sent to East Liverpool in charge of Sheriff Gill. There they will be given an opportunity to view the road in question. Short and Grover are expected in Lisbon this evening, and the case will be settled without going to trial if they agree to put the road in good condition at once. This is the only basis on which a settlement can be made. If this is not done tonight the case will go to trial tomorrow.

NEXT WEEK.

This Term of Court Will Be Wound Up on Tuesday.

Lisbon, July 21.—[Special].—Judge Robinson this morning laid out the work for the closing days of the present term of court. A number of motions will be argued, and the term will be closed next Tuesday with Judge Smith on the bench.

A marriage license was today granted C. N. Baily and Miss Lydia Johnson, both of East Liverpool.

Several minor cases were disposed of by Judge Robinson this morning.

MORE LIFEBOATS.

River Steamers Must Carry Them or Suffer the Consequences.

General Dumont, supervising inspector of the steamboat inspection service, is having the rule regarding the number of lifeboats on river steamers strictly enforced. Although the rule was adopted several years ago it was allowed to become a dead letter, and the general is having trouble in convincing the companies that they should recognize his authority. The companies argue that they can run their steamers ashore much sooner than launch a fleet of lifeboats should an accident happen. They hope to have the rule amended or killed.

CAUGHT IN A WHEEL.

A Young Man Was in a Dangerous Position.

Four men occupied a buggy on Fifth street last night, and disturbed the place with drunken shouts. As the buggy passed Washington street it was evident that a fight was in progress, and two of the crowd were forced out of the vehicle. One had his foot caught in the wheel, and for a minute it looked as though he would not escape with anything less than a broken leg. He succeeded, however, in freeing himself, and was uninjured.

THROUGH TO CAIRO.

The Woodruff Will Not Clear the River This Trip.

The government snagboat E. A. Woodruff tied up at the foot of Market street last evening, and left this morning for Cairo. The captain of the boat stated that they would go straight through without any stops. He said they had intended on this trip to remove the sunken barges at Brown's island, but the owners of the barges objected, as they intended and save some of the coal if possible.

Will Entertain Tonight.

Mrs. D. M. Smith, of Seventh street, will entertain this evening, in honor of

Mrs. Clements, of Wheeling, Mrs. Floyd Ross, of Roanoke, Va., and Miss Savannah Dillard, of Lisbon, who are visiting friends and relatives here.

AN EXHIBITION.

A Young Man Caused a Commotion on Ridgeway Avenue.

A young man who lives on Ridgeway avenue went home yesterday, and found one of the doors leading to an upstairs room locked. He immediately began to curse, and invited the inmate of the room to fight. Finding this availed him naught, he went out in the yard and declared himself to the entire neighborhood. He was informed that if he did not desist from his use of profane language the police would be notified, and he would be allowed to work on the streets. This put a damper on the young man, and he lost no time in disappearing from view.

A TANYARD SMELL.

After a Freshet the Odor is Almost Unbearable.

Residents near that part of Tanyard run in the rear of East Market street have a grievance, and want council to give them help. During the floods which sweep down the run a vast amount of refuse and garbage is deposited in that vicinity, and the stench arising from the accumulation is nothing short of awful. It is said that people can not keep the doors and windows of their houses open in consequence. The run is uncovered at this point, and it is thought the nuisance would be abated if council ordered a lid.

FLOUNDERED IN WATER.

Two Plain Drinks Amused a Crowd at the Wharf.

A ludicrous scene was enacted at the ferry landing this morning, and the crowd who witnessed it laughed heartily. Two local characters were in an advanced state of intoxication, and their powers of locomotion were seriously impaired. They wanted to cross the river, but were unable to gain the float. Several times they attempted to walk the plank, but in every instance they lost their equilibrium, and fell into the shallow water near the shore. At length they gave it up, and staggered arm in arm to Broadway.

POISONED CANDY.

There Is Any Quantity of It on the Market.

The activity of the poor food commission with regard to cheap candies, and the fact that several children in the state have died from eating poisoned sweets, caused a leading resident to remark this morning:

"I don't see why the pure food commissioner doesn't drop into this place once in awhile. I think the dealers here are as liable to be taken in as anywhere, and there is a vast amount of cheap candy sold in Liverpool. Perhaps he will wait until a few have been poisoned, and then come around."

AN AWFUL LOSS.

Wellsville and Yellow Creek Townships Contain Few Sheep.

Someone has been investigating, and has found that the books of the assessors of Wellsville and Yellow Creek townships show that today there are but 276 sheep in the two townships, while four years ago the number would reach 6,000. That section then, when wool sold for 30 cents a pound, was one of the greatest wool producers in this state, but now, with wool selling at 12<sup>1</sup>/<sub>2</sub> and 13 cents a pound, Ohio has lost her place as the greatest wool producing state in the union.

SURPRISED A SNAKE.

It Was Exploring the Interior of a Garbage Barrel.

Yesterday afternoon as two young ladies were passing along the road in the rear of the cottages at Spring Grove, they were considerably surprised to see a large black snake stretched along a garbage barrel that had been left standing by the roadside. The snake had its head in the barrel when it was first discovered, and was evidently enjoying a good meal. One of the young ladies picked up a stick and struck the reptile, but it showed no fight and rapidly wriggled away.

THEY WANT LIGHT.

Calcutta Road People are After an Improvement.

Calcutta road residents are now clamoring for an electric light to be placed on that thoroughfare at the bend in the road near Gaston's. They claim it is unusually dark at that point, and it is almost an impossibility to keep on the pavements while journeying up the hill. The people who travel the road are well pleased with the recent improvements, but say they would like to have enough light to thoroughly enjoy them.

### TO TALK ABOUT LIGHT

Council Will Meet With Judge Smith Tonight.

SIX MEMBERS WILL BE THERE

They May Not Want to Take All the Responsibility, and the Matter May Be Deferred—The Contract For the Culvert Will Be Let.

After many useless attempts and a vast amount of talk, council gives promise of meeting this evening for the purpose of discussing the matter of a municipal light plant.

There will likely be six members present, Mr. Purinton being in the hospital and Mr. Ashbaugh being in the vicinity of Niagara Falls. That will leave Marshall, Peake, Horwell, Stewart, Kent and Challis for the transaction of business, and upon them will fall the preliminary steps of advocating a municipal plant, provided their belief lies in that direction. It is whispered around this afternoon that all the members in town will attend the meeting, but they will not want to take so great a responsibility upon their shoulders, believing that there should be a full attendance. Judge Smith stated this morning that he would be at the meeting, and would willingly answer all questions, and give what information he possessed respecting the matter. The question is so important, and involves the disposition of a matter so interesting, that the meeting will go down in the history of the city as a prominent event.

HARD FOR LANDLORDS.

Over One Hundred Cases of Forcible Detention This Year.

This year has been an unusually hard one for landlords, who say they have had a great deal to contend with in dealing with poor-paying tenants. To the hard times may be ascribed this deplorable condition. Many people who are perfectly honest are unable to pay their rent, simply because they have not had steady employment, while others make it a practice to defraud the owners of property in which they live. Against this class almost 100 cases of forcible detention of property have been filed in local courts since the first of the year.

DROPPED OVER DEAD.

A Hookstown Man Expired Before Help Could Reach Him.

Mr. Neiswonger, an aged and respected resident of Hookstown, died suddenly at his home last night. He was sitting on the porch of his house when he was stricken with apoplexy, and falling over on his side, was dead before help could reach him. A physician was called, but Mr. Neiswonger was beyond human aid. Until the time of his death he was in excellent health, and the sudden manner in which he was called away proved a great shock to his family.

MOVED TO ALLEGHENY.

East Liverpool Has Lost a Publication.

W. W. Wallace, who published the Times of Restitution in this city for several years, has moved to Allegheny, and opened an office on Euclid avenue. The paper is an advocate of the millennial theory, and had a considerable circulation in towns along the valley. Mr. Wallace is almost blind, and last winter was stricken with typhoid fever. He was compelled to discontinue his paper for a time, but now seems more prosperous than in the past.

A Dog Fight.

A dog fight occurred at the corner of Broadway and Sixth street this afternoon, and attracted a large crowd of spectators. The canines fought with a will until some humane bystander interrupted their struggles, much to the disgust of the crowd.

Quieted the Crowd.

Officer Terrace was called to a hall on Fifth street last night where a crowd of noisy dancers were annoying the residents. The party was broken up, and the boisterous ones ordered to their homes.

Tendered a Reception.

The Chevalier club will this evening tender a reception to Charley Nine, one of its members, who is about to leave for Atlantic City. It will be held at Brunt's. Mr. Nine will locate in the east.

A Serenade.

The small boys of West End serenaded a couple on Fairview street last night, and now the people in that neighborhood are wondering if a wedding took place without their knowledge.

AN EXHIBITION.

A Young Man Caused a Commotion on Ridgeway Avenue.

A young man who lives on Ridgeway avenue went home yesterday, and found one of the doors leading to an upstairs room locked. He immediately began to curse, and invited the inmate of the room to fight. Finding this availed him naught, he went out in the yard and declared himself to the entire neighborhood. He was informed that if he did not desist from his use of profane language the police would be notified, and he would be allowed to work on the streets. This put a damper on the young man, and he lost no time in disappearing from view.

A TANYARD SMELL.

After a Freshet the Odor is Almost Unbearable.

Residents near that part of Tanyard run in the rear of East Market street have a grievance, and want council to give them help. During the floods which sweep down the run a vast amount of refuse and garbage is deposited in that vicinity, and the stench arising from the accumulation is nothing short of awful. It is said that people can not keep the doors and windows of their houses open in consequence. The run is uncovered at this point, and it is thought the nuisance would be abated if council ordered a lid.

FLOUNDERED IN WATER.

Two Plain Drinks Amused a Crowd at the Wharf.

A ludicrous scene was enacted at the ferry landing this morning, and the crowd who witnessed it laughed heartily. Two local characters were in an advanced state of intoxication, and their powers of locomotion were seriously impaired. They wanted to cross the river, but were unable to gain the float. Several times they attempted to walk the plank, but in every instance they lost their equilibrium, and fell into the shallow water near the shore. At length they gave it up, and staggered arm in arm to Broadway.

POISONED CANDY.

There Is Any Quantity of It on the Market.

The activity of the poor food commission with regard to cheap candies, and the fact that several children in the estate have died from eating poisoned sweets, caused a leading resident to remark this morning:

"I don't see why the pure food commissioner doesn't drop into this place once in awhile. I think the dealers here are as liable to be taken in as anywhere, and there is a vast amount of cheap candy sold in Liverpool. Perhaps he will wait until a few have been poisoned, and then come around."

AN AWFUL LOSS.

Wellsville and Yellow Creek Townships Contain Few Sheep.

Someone has been investigating, and has found that the books of the assessors of Wellsville and Yellow Creek townships show that today there are but 276 sheep in the two townships, while four years ago the number would reach 6,000. That section then, when wool sold for 30 cents a pound, was one of the greatest wool producers in this state, but now, with wool selling at 12½ and 13 cents a pound, Ohio has lost her place as the greatest wool producing state in the union.

SURPRISED A SNAKE.

It Was Exploring the Interior of a Garbage Barrel.

Yesterday afternoon as two young ladies were passing along the road in the rear of the cottages at Spring Grove, they were considerably surprised to see a large black snake stretched along a garbage barrel that had been left standing by the roadside. The snake had its head in the barrel when it was first discovered, and was evidently enjoying a good meal. One of the young ladies picked up a stick and struck the reptile, but it showed no fight and rapidly wriggled away.

THEY WANT LIGHT.

Calcutta Road People are After an Improvement.

Calcutta road residents are now clamoring for an electric light to be placed on that thoroughfare at the bend in the road near Gaston's. They claim it is unusually dark at that point, and it is almost an impossibility to keep on the pavements while journeying up the hill. The people who travel the road are well pleased with the recent improvements, but say they would like to have enough light to thoroughly enjoy them.

## TO TALK ABOUT LIGHT

Council Will Meet With Judge Smith Tonight.

SIX MEMBERS WILL BE THERE

They May Not Want to Take All the Responsibility, and the Matter May Be Deferred—The Contract For the Culvert Will Be Let.

After many useless attempts and a vast amount of talk, council gives promise of meeting this evening for the purpose of discussing the matter of a municipal light plant.

There will likely be six members present, Mr. Purinton being in the hospital and Mr. Ashbaugh being in the vicinity of Niagara Falls. That will leave Marshall, Peake, Horwell, Stewart, Kent and Chellis for the transaction of business, and upon them will fall the preliminary steps of advocating a municipal plant, provided their belief lies in that direction. It is whispered around this afternoon that all the members in town will attend the meeting, but they will not want to take so great a responsibility upon their shoulders, believing that there should be a full attendance. Judge Smith stated this morning that he would be at the meeting, and would willingly answer all questions, and give what information he possessed respecting the matter. The question is so important, and involves the disposition of a matter so interesting, that the meeting will go down in the history of the city as a prominent event.

HARD FOR LANDLORDS.

Over One Hundred Cases of Forcible Detention This Year.

This year has been an unusually hard one for landlords, who say they have had a great deal to contend with in dealing with poor-paying tenants. To the hard times may be ascribed this deplorable condition. Many people who are perfectly honest are unable to pay their rent, simply because they have not had steady employment, while others make it a practice to defraud the owners of property in which they live. Against this class almost 100 cases of forcible detention of property have been filed in local courts since the first of the year.

DROPPED OVER DEAD.

A Hookstown Man Expired Before Help Could Reach Him.

Mr. Neiswonger, an aged and respected resident of Hookstown, died suddenly at his home last night. He was sitting on the porch of his house when he was stricken with apoplexy, and falling over on his side, was dead before help could reach him. A physician was called, but Mr. Neiswonger was beyond human aid. Until the time of his death he was in excellent health, and the sudden manner in which he was called away proved a great shock to his family.

MOVED TO ALLEGHENY.

East Liverpool Has Lost a Publication.

W. W. Wallace, who published the Times of Restitution in this city for several years, has moved to Allegheny, and opened an office on Euclid avenue. The paper is an advocate of the millennial theory, and had a considerable circulation in towns along the valley. Mr. Wallace is almost blind, and last winter was stricken with typhoid fever. He was compelled to discontinue his paper for a time, but now seems more prosperous than in the past.

A Dog Fight.

A dog fight occurred at the corner of Broadway and Sixth street this afternoon, and attracted a large crowd of spectators. The canines fought with a will until some humane bystander interrupted their struggles, much to the disgust of the crowd.

Quieted the Crowd.

Officer Terrence was called to a hall on Fifth street last night where a crowd of noisy dancers were annoying the residents. The party was broken up, and the boisterous ones ordered to their homes.

Tendered a Reception.

The Chevalier club will this evening tender a reception to Charley Nine, one of its members, who is about to leave for Atlantic City. It will be held at Brunt's. Mr. Nine will locate in the east.

A Serenade.

The small boys of West End serenaded a couple on Fairview street last night, and now the people in that neighborhood are wondering if a wedding took place without their knowledge.

W. J. BRYAN, with all his eloquence, has no place in the heart of the American voter. He cannot forget that Boy Billy is opposed to a protective tariff and does not like the potting industry.

A SILVER man wanted to wage \$10,000 on the outcome of the election, and sent it to a New York broker. There was a rush when the money was offered, and it was withdrawn. Straws tell how the wind blows.

## NO FRIEND OF THE FARMER.

It is said that the Democratic leaders expect to poll a heavy vote on election day, the bulk of the increase coming from among the farmers. As they argue it, there are several hundreds of old-time greenbackers in the northern and eastern townships of the county, and every one of these will put his mark on the ticket committed to free silver. Now, this reasoning, upon the face of it, looks very well, and if the question of fiat money was the only thing to be considered it is possible that the Democrats would have their hopes realized. The greenbackers were once a powerful influence, and their craze had a firm and by no means flimsy hold upon Ohio. William Allen sought reelection as governor in 1875, stamping the state in favor of more paper and declaring that the resumption of specie payments was idiotic. He came near winning, but R. B. Hayes carried Ohio by less than 5,000 votes, and the greenbacker took a back seat. Since that time an advocate of paper money has occasionally raised his voice in this county, but not with sufficient force to gather thousands to his standard. There were always a few of them, and they would doubtless make trouble at this time were it not for the position of W. J. Bryan on the tariff question.

He is a free trader, and as such is opposed to the protection of sheep. Columbiana county was at one time a great wool growing community. Hundreds of farmers owned their flocks, and the wool they sent to the market was of the best. It brought a big price, and the industry was profitable to greenbackers and sound money men alike. During these past few years wool has dropped so low in the commercial scale that it no longer pays the farmer to keep sheep. The flocks have in the main been sold for almost nothing, so anxious were the shepherds to get rid of what was nothing more than an encumbrance. Bryan and his free trade friends are responsible for this condition. He voted to put wool on the free list, and spoke against the Wilson bill containing an iota of protection for the man who owned sheep. Bryan not only did this, but he used his personal influence with congressmen in-

clined to give the farmers the recognition they deserved. That is why the Democrats are going to be disappointed when the ballots are counted. There will be no increase in their vote. The greenbacker may feel kindly toward free silver, but he feels more kindly toward himself, and will therefore vote against Bryan and free wool.

## CLEVELAND CENTENNIAL.

Program Rendered on the Opening Day. Many Visitors.

CLEVELAND, July 21.—Notwithstanding threatening weather and occasional showers many thousands of persons gathered early around the great arch, upon which the finishing touches are now being placed, in the center of Monumental square, in commemoration of the one hundredth anniversary of the founding of the city of Cleveland.

Every incoming train brought big crowds of visitors to witness the festivities, which will be continued for a month. The city is in holiday garb, and the decorations of business houses and residences are on a scale never before attempted. The program of exercises rendered on the opening day was as follows:

Opening of the Ohio National Guard and the United States regulars encampment.

Massing of troops around flag staff.

Music—First regiment O. N. G. band.

Presentation of encampment grounds by the military committee—Colonel George A. Garretson, chairman, through Mayor Robert E. McKisson, president of the centennial commission, to the commander-in-chief, Governor Asa S. Bushnell.

Acceptance by Governor Bushnell, naming of encampment, Camp Moses Cleveland, and turning over same to Adjutant General A. Axline.

Response by General Axline.

Sounding of the honors of the band—Sixteenth regular band.

Unfurling of the flag.

Music—"The Star Spangled Banner"—Seventeenth U. S. A. regular band.

## HOW "GAME" HE WAS.

Ohio Man Lies Down on the Track Before His Fiancée.

WASHINGTON, C. H., O., July 21.—Edward Cole, colored, aged 23, a snare drummer for the newly-organized McKinley and Hobart club, threw himself in front of the fast eastbound Baltimore and Ohio train and was cut to pieces. He and his fiancée were out walking, and when they reached the railroad track Cole laid down across it placing his ear to the rail "to see if the train was coming."

The train was coming at full speed. Looking at the girl he said: "I want to show you how game I am," and again placed his body across the track. She sprang toward him and tried to pull him away, but finding she could not jump back to prevent being killed herself. Cole's body was cut to pieces.

## THE STRIKE NOT SETTLED.

Futile Meeting Between Employees and Strikers at Cleveland.

CLEVELAND, July 21.—Contrary to expectations the meeting between the officials of the Brown Hoisting company and the committee representing the strikers resulted in no settlement.

Fayette Brown, president of the Brown Hoisting company, said after the meeting: "We met the strikers' committee at the request of the state board of arbitration. We shall never recognize such a committee, but will treat with our employees individually." A settlement now seems as far off as ever.

## Victim of Hook and Ladder Wagon.

DAYTON, O., July 21.—Harry Simonds, the 10-year-old son of George Simonds, residing on Chicago street, has died from injuries received from being run over by a hook and ladder truck on its way to a fire. The ladder truck from the Xenia avenue house was responding to an alarm, and just as it swung off Xenia avenue to Henry street, the boy darted out in front of it to cross the street. The horse trampled him down, and the heavy apparatus passed over his body, crushing him.

## Jack the Peeper Frightening Women.

SPRINGFIELD, O., July 21.—"Jack the Peeper" is again terrorizing the women of the East End and the police are trying to get hold of him. The man, who is said to be about 45 years old, steps up to a house and peeps into bedroom windows while women are disrobing. The men of the neighborhood are indignant, and if the fellow is caught it will go hard with him.

## one Splits the Other's Head.

PORTSMOUTH, O., July 21.—Thomas Fox of Parkersburg and John Goldberg of Huntington, two canvasmen of the McCormick circus, have engaged in a desperate fight. Fox's head was split wide open with a tent stake and fatally injured. Goldberg attempted to escape, but was captured and is now in jail awaiting the result of Fox's injuries.

## A Discrepancy of \$2,000.

COLUMBUS, July 21.—The investigation into the shortage in the convict fund at the penitentiary is not yet ended. It is now said that the shortage during a single clerkship, that of S. L. Reeves, now superintendent of the city workhouse, amounts to \$2,000.

## McKeever Made a Good Fight.

NEW YORK, July 21.—"Kid" Lavigne, the lightweight champion of the world, and Charlie McKeever of Philadelphia fought six rounds to a draw at Madison Square garden. McKeever won a rifle and went at his man like a cyclone. His two-handed fighting was excellent and he was wildly cheered. It is believed the two men will be matched to a finish.

## Another Filibuster Expedition.

NEW YORK, July 21.—It is believed that a filibustering expedition will soon sail from this port for Cuba. An important meeting was held in the Cuban Junta headquarters. The Cuban secretary of war is said to have participated.

## An Insane Laborer's Crime.

INDIANAPOLIS, July 21.—Park Miller, a laborer, has shot and killed his wife for a rifle and turning the weapon on himself, committed suicide. The cause is supposed to be temporary insanity.

# COMPROMISE FAILS.

The Bryan Populists Refuse Such an Offer.

DEMOCRATS ALSO STAND FIRM.

Both Tell the "Middle-of-the-Roads" That the Ticket Must Be Bryan and Sewall—A Boit From the Convention Now Almost Certain.

St. Louis, July 21.—The prospect for compromise, which some of the Populists affected for a while to consider, probably has disappeared. It met its fate in the Bryan camp, where it was smothered apparently beyond resurrection.

The compromise proposition looking to the retention of Mr. Bryan at the head of the ticket and substituting a Populist for Mr. Sewall for vice president, was sprung in the still hours of the morning in a promiscuous hearing of party leaders. It was afterward adopted by the executive committee of the national committee, and was by them exploited as a panacea which would ease all the ills of the situation by uniting all the factions. The southern delegations accepted the scheme with avidity, on the theory that it would aid them in maintaining the entirety of the party for which they have held out so vigorously.

The Bryan people did not adopt the suggestion of the delegation. They had no sooner heard of it than a Bryan meeting was called, which, in the forcible language of one who attended, "proceeded to immediately jump on it with both feet." This brief meeting and the one which followed between representatives of the Bryan element and the executive committee constituted important events. The result of these meetings is a probable split in the party, and the likelihood that the matter of endorsing Bryan or nominating another candidate than Sewall will have to be fought out in the convention.

It can be stated authoritatively that no compromise will be entertained by the Democratic committee. National Chairman Jones says he will be as loyal to the vice presidential nominee as to the presidential nominee. It is known that Chairman Jones does not regard a division of the electors as possible or believe that the Democrats could consent to any such division.

Senator Jones announces that this fight is one of principle; that the situation has narrowed down to the fact that either Bryan or McKinley is going to be elected president; the Populists can insure the election of Bryan by endorsing him, but by the nomination of another ticket they will endanger the silver cause. Senator Jones said that he had no pledges to make either general or individual, but could only appeal to the friends of silver for silver.

What effect the statement and position of Senator Jones and the other Democratic leaders has had upon the Populists cannot be told. In fact, there are not enough delegates here to make good or disprove the claims of either faction.

It has developed, however, that self-interest has much to do with the position of the Populists. It appears that in the south there are a number of leading Populists who hope to be elected to congress by the aid of Republican votes, and it is said they know that if they encourage the endorsement of Bryan or acquiesce in it, they could not hold these votes in the campaign they intend to make in the fall. These and other considerations, especially the fear that the Populist party may be dissipated by the endorsement of Bryan, has created quite a strong sentiment in favor of naming a straight ticket.

These matters have been discussed by the Populists who have visited the Democratic managers, and it is understood that an answer has uniformly been made that the Democrats have made a nomination and adopted a platform, which, in all essentials, seem to be satisfactory to the Populists, they, the Democrats, can only hope that the friends of silver and the other principles of the Democratic platform will support the ticket and platform.

## MARK HANNA VISITS CHICAGO.

The Place For Western Republican Headquarters Being Selected.

CHICAGO, July 21.—Mark Hanna was in Chicago yesterday and national Republican headquarters are to be opened as soon as the executive committee makes up its mind as to the advantages of various locations offered. Accompanying the chairman of the Republican national committee when he arrived at the Auditorium were Senator Thurston, S. W. Allerton, and Chester M. Laves. Awaiting his arrival at the hotel was a gathering of leading republicans.

"We shall open headquarters in this city at once," said Mr. Hanna, "and a sub-committee will be immediately formed to select the most convenient location for such a purpose. I intend to put a considerable portion of my time in Chicago from this time forward and will be in charge of this end as well as the east end of the campaign."

While the nominal charge of the western committee's work will be in the hands of Mr. Hanna himself, the committee which will have to do the actual work will be Messrs. Payne, Durbin and Leland. The distribution of literature throughout the west will be one of the first aims of the committee. The Republican campaign in the northwest will be opened next week in Minnesota and Nebraska with speeches by Senator Burrows and Roswell G. Horr of Michigan.

## OHIOANS FOR DEBS.

They Like Bryan, But Are Opposed to Sewall.

St. Louis, July 21.—The Ohio delegation, headed by Hugo Pryor of Cleveland, has arrived with E. V. Debs' buttons in the lapels of their coats. They say they are for Debs, but realize that he cannot be nominated. Upon the question of endorsing Bryan they are divided pretty evenly. "If Sewall were not on the tail of the ticket," said one of them, "a majority would be for Bryan."

## FOR BRYAN AND SEWALL.

The Silver Republicans Declare They Will Support Him.

DENVER, July 21.—Senator Teller and 11 of his associates who left the national Republican convention have made public an address to the silver Republicans of the country, setting forth their views of the situation. The silver Republicans, congressmen and senators have been in conference at Manitou for several days over this statement. In addition to those signing the address, Senator Pettigrew of South Dakota and Senator Cannon of Utah are declared to be in sympathy with it, although Senator Cannon was not present at the conference owing to business engagements in Boston. In their address they say:

"The Democratic party, in its Chicago convention, has taken a position in its platform so pronouncedly favorable to silver and has nominated candidates of such unquestionable convictions in favor of the bimetallic policy, and of such high personal character, that we have determined to give them our support. We support such candidates because they represent the great principles of bimetalism, which we believe to be the cause of humanity and civilization, and the paramount question now before the American people."

"We, therefore, announce that we shall, by voice and vote, support Messrs. Bryan and Sewall for president and vice president, and we appeal to all citizens, and especially to Republicans who feel we do that gold monometalism would be a lasting injury to the country, to act with us in securing their election."

## A BRYAN RATIFICATION.

The American Silver Party Committee Holds a Meeting.

St. Louis, July 21.—The national committee of the American Silver Party organization has held a meeting at their headquarters, which developed, as expected, into a Bryan ratification. Among the prominent arrivals were Senator Jones and Representative Newlands of Nevada and Judge Scott of Kansas. All attended the meeting and were called upon to make addresses.

The most important speech was the one of Judge Scott, who said he had been a Republican, and had never voted anything except a Republican ticket, but he would this year use every effort to secure the election of Bryan. It was agreed by all those present that silver could win, if the silver men united on the Chicago ticket, but a split would be dangerous.

A committee was appointed to confer with the Populists, with the object of having a single silver ticket in the field. It was also decided that each should be a Republican, and one to work in the interest of Bryan.

## BRYAN LIKELY TO BE NAMED.

The Factions Coming Closer Together. Chairman Jones' Promise.

St. Louis, July 21.—In case Bryan is nominated or endorsed Chairman Jones has agreed that the Populists shall have two representatives in the national committee and the Silverites one representative.

The two southern men suggested for vice president in the event of a compromise, which would give the latter place on the ticket to a Populist, are Judge Walter Clark of North Carolina and Colonel Mimms of Tennessee.

However, the difficulties in the way of accomplishing such a compromise are generally recognized as almost insurmountable, and this scheme is in a measure abandoned. The indications are that the different factions are getting closer together, and the general belief among the best informed on the inside is that the situation will clear today, and that the nomination of Bryan is reasonably certain.

## THE TEMPORARY CHAIRMAN.

Senator Butler the Leading Candidate For the Honor.

St. Louis, July 21.—The name of Senator Butler of North Carolina has been sprung in the executive committee for the first time for temporary chairman and is received with much favor. It is believed that his selection would be especially acceptable to the southern delegates.

Other names mentioned are those of General J. B. Weaver and "Cyclone" Davis of Texas. The selection will be made by the national committee. An influential member of the executive committee predicts that the choice would fall upon Butler.

## Condition of the Treasury.

WASHINGTON, July 21.—The statement of the condition of the treasury shows: Available cash balance, \$361,967,053; gold reserve, \$38,731,760.

## PITH OF THE NEWS.

Timothy Kelly, 306 Pine street, Philadelphia, was drowned while bathing and killed in the foot of Missouri avenue, Atlantic city.

Thomas Stevens, known as Prof. Raymond, fell from a parachute at Washington Park, N. J., and was perhaps fatally injured.

Rev. Dr. Newman Hall of London celebrated his 80th birthday the other day. He is still in active work, and enjoys excellent health.

W. W. Harrison, an official of the Jacksonville, Tampa and Key West road, killed Francis M. Ector of the same road, in a dispute over cards at Jacksonville.

William Board was shot in the back and killed in a chicken yard, while his wife was attending services inside, near Harrodsburg, Ky., by James Wesley Bugg.

It is said that General Antonio Maceo has notified Captain General Weyler that he will in no event retaliate in kind for the massacres of Cubans by the Spanish soldiers.

The agricultural bureau at Washington reports prospects for excellent crops in New England, New York, Pennsylvania, Michigan and Iowa, fair prospects in Nebraska and the mountain states, and an average below 50 per cent in the Atlantic coast states.

Dixon Willis of Warren Whitaker Sons, fruit growers at Tarpon Springs, Fla., was shot by Station Agent J. J. Saunders of the Plant system, whilst entering the station. He claimed they intended playing a practical joke on Saunders.

# BANKS TO THE RESCUE.

Will Maintain Gold Reserve at \$100,000,000.

NEW BOND ISSUE NOT NEEDED.

Heavy Shipments to Europe Today Ran the Reserve Down to About \$90,000,000—July a Hard Month For the Treasury to Weather.

WASHINGTON, July 21.—The gold reserve is below the \$90,000,000 mark for the first time in many months, and at the close of business the actual figure was \$89,761,336, a reduction of \$3,706,300 for the day. Of the withdrawals \$3,033,000 was for export.

Treasury officials look upon this heavy gold drain as entirely abnormal, and are confident that it will not continue, at least so heavily. They say that there is nothing in trade conditions to warrant the exports, adding that although exchange is about a point above the shipping point in normal times, the conditions are such, in their judgment, as to make it uncertain whether it can be profitable at present. In the absence of Secretary Carlisle no one can speak authoritatively respecting the probability of another issue of bonds to replenish the reserve in the near future, but the general trend of opinion was that such a thing was not to be expected. The rumor has reached the treasury that the New York banks have decided to come to the relief of the department and pledge themselves to maintain the reserve at the \$100,000,000 point.

There was no official backing to this report, but officials profess to see other hopeful signs even if this promise fails of realization. Among them is the prospect that the demand for money in the west will oblige the New York banks to deposit gold with the treasury in order to obtain the necessary paper. This would add materially to the protection of the gold reserve. The department has already accumulated in the general balance of \$261,618,393, no less than \$54,286,016 of old legal tender notes and \$35,113,019 in Sherman notes. This leaves the whole amount of legal tender notes outstanding, notes of a kind that can be used under the "goldless chain" plan to draw out the treasury gold at only \$345,000,000, and very much of this is actively circulating in the course of daily trade. The national banks hold of this total \$147,000,000, and so far as the treasury officials know they are not generally lending themselves to the present raid on the reserve.

As to other conditions, the officials are satisfied with the manner in which they have gotten so far through the month of July. This is always a trying month, the beginning of the fiscal year letting loose a lot of appropriations for miscellaneous objects as well as for rivers and harbors and pensions. The payments on account of the latter have amounted so far to \$9,827,000 this month, while the quarterly interest charges on the 4 per cent bonds and others have aggregated \$6,479,000. The total expenditures for the month have reached \$31,118,000, which leaves a deficit of \$12,091,294, but this is no more than was expected, while encouragement is found in the fact that the receipts have averaged well up to \$1,000,000 per diem, and that much of this increase is composed of internal revenue receipts, an indication that the whiskey in bond has at last been drawn upon.

## NO REASON FOR ALARM.

Banker Cannon Says the Treasury Still Has Plenty of Gold.

NEW YORK, July 21.—The withdrawals of gold from the sub-treasury for export today to Germany aggregated \$3,030,000, of which amount \$1,550,000 was in fine gold bars and \$1,480,000 in coin, the aggregate withdrawals amounted to about \$3,700,000, including \$550,000 taken by Canadian banks, and reducing the treasury gold to about \$90,000,000. The strength of the exchange market and the prospect of further heavy raids upon the treasury stock of gold has resulted in a number of informal conferences between treasury and clearing house officers of the national banks in regard to protective measures.

It was rumored that President Fredrick W. Tappen of the Gallatin National bank had secured the signatures of other bank officials to an agreement to turn over to the sub-treasury \$10,000,000 in gold in exchange for legal tender notes and that from \$10,000,000 to \$15,000,000 additional would be secured. It was admitted the conference has taken place, but the report of actual signatures to any specific amount were denied. President H. W. Cannon, who with President Tappen and J. Edgar Simmons of the Fourth National, has been especially active in the movement, said:

"It can be said that if the treasury should need gold, the New York banks would be prepared to furnish a very considerable amount. Nothing has been signed, however, and undue excitement should be deprecated, as the treasury now holds \$90,000,000 in gold. Money is easy and there is no just reason for alarm."

## Sacked and Burned a Saloon.

PARKERSBURG, W. Va., July 21.—Frank Hart of "The Jug," in Tyler county, has been arrested at Middlebourne in default of \$600 bonds for selling liquor without a license. Immediately after he was imprisoned the crowd present at the hearing returned to his saloon, drank all the liquor and beer they could find, became crazy drunk, looted the house, and, after making a pile of the furniture and debris, burned them to ashes.

## Bishop Cox Dies Suddenly.

ROCHESTER, N. Y., July 21.—Arthur Cleveland Cox, bishop of the Episcopal diocese of Western New York, has died suddenly of nervous prostration at the Clifton Springs sanitarium, where he had been spending a few days.

W. J. BRYAN, with all his eloquence, has no place in the heart of the American potter. He cannot forget that Boy Billy is opposed to a protective tariff and does not like the potting industry.

A SILVER MAN wanted to wager \$10,000 on the outcome of the election, and sent it to a New York broker, and there was a rush when the money was offered, and it was withdrawn. Straws tell how the wind blows.

### NO FRIEND OF THE FARMER.

It is said that the Democratic leaders expect to poll a heavy vote on election day, the bulk of the increase coming from among the farmers. As they argue it, there are several hundreds of old-time greenbackers in the northern and eastern townships of the county, and every one of these will put his mark on the ticket committed to free silver. Now, this reasoning, upon the face of it, looks very well, and if the question of fiat money was the only thing to be considered it is possible that the Democrats would have their hopes realized. The greenbackers were once a powerful influence, and their craze had a firm and by no means flimsy hold upon Ohio. William Allen sought reelection as governor in 1875, stamping the state in favor of more paper and declaring that the resumption of specie payments was idiotic. He came near winning, but R. B. Hayes carried Ohio by less than 5,000 votes, and the greenbacker took a back seat. Since that time an advocate of paper money has occasionally raised his voice in this county, but not with sufficient force to gather thousands to his standard. There were always a few of them, and they would doubtless make trouble at this time were it not for the position of W. J. Bryan on the tariff question.

He is a free trader, and as such is opposed to the protection of sheep. Columbiana county was at one time a great wool growing community. Hundreds of farmers owned their flocks, and the wool they sent to the market was of the best. It brought a big price, and the industry was profitable to greenbackers and sound money men alike. During these past few years wool has dropped so low in the commercial scale that it no longer pays the farmer to keep sheep. The flocks have in the main been sold for almost nothing, so anxious were the shepherds to get rid of what was nothing more than an encumbrance. Bryan and his free trade friends are responsible for this condition. He voted to put wool on the free list, and spoke against the Wilson bill containing an iota of protection for the man who owned sheep. Bryan not only did this, but he used his personal influence with congressmen in-

clined to give the farmers the recognition they deserved. That is why the Democrats are going to be disappointed when the ballots are counted. There will be no increase in their vote. The greenbacker may feel kindly toward free silver, but he feels more kindly toward himself, and will therefore vote against Bryan and free wool.

### CLEVELAND CENTENNIAL.

Program Rendered on the Opening Day. Many Visitors.

CLEVELAND, July 21.—Notwithstanding threatening weather and occasional showers many thousands of persons gathered early around the great arch, upon which the finishing touches are now being placed, in the center of Monumental square, in commemoration of the one hundredth anniversary of the founding of the city of Cleveland.

Every incoming train brought big crowds of visitors to witness the festivities, which will be continued for a month. The city is in holiday garb, and the decorations of business houses and residences are on a scale never before attempted. The program of exercises rendered on the opening day was as follows:

Opening of the Ohio National Guard and the United States regulars encampment.

Marching of troops around flag staff.

Music—First regiment O. N. G. band.

Presentation of encampment grounds by the military committee—Colonel George A. Garretson, chairman, through Mayor Robert E. McKisson, president of the centennial commission, to the commander-in-chief, Governor Asa S. Bushnell.

Acceptance by Governor Bushnell, naming of encampment, Camp Moses Cleveland, and turning over same to Adjutant General A. Axline.

Response by General Axline.

Sounding of the honors of the band—Sixteenth regular band.

Unfurling of the flag.

Music—"The Star Spangled Banner"—Seventeenth U. S. A. regular band.

### HOW "GAME" HE WAS.

Ohio Man Lies Down on the Track Before His Finances.

WASHINGTON, C. H., O., July 21.—Edward Cole, colored, aged 23, a snare drummer for the newly-organized McKinley and Hobart club, threw himself in front of the fast eastbound Baltimore and Ohio train and was cut to pieces. He and his fiancée were out walking, and when they reached the railroad track Cole laid down across it placing his ear to the rail "to see if the train was coming."

The train was coming at full speed. Looking at the girl he said: "I want to show you how game I am," and again placed his body across the track. She sprang toward him and tried to pull him away, but finding she could not jump back to prevent being killed herself. Cole's body was cut to pieces.

### THE STRIKE NOT SETTLED.

Futile Meeting Between Employes and Strikers at Cleveland.

CLEVELAND, July 21.—Contrary to expectations the meeting between the officials of the Brown Hoisting company and the committee representing the strikers resulted in no settlement.

Fayette Brown, president of the Brown Hoisting company, said after the meeting: "We met the strikers' committee at the request of the state board of arbitration. We shall never recognize such a committee, but will treat with our employes individually." A settlement now seems as far off as ever.

### Victim of Hook and Ladder Wagon.

DAYTON, O., July 21.—Harry Simonds, the 10-year-old son of George Simonds, residing on George street, has died from injuries received from being run over by a hook and ladder truck on its way to a fire. The ladder truck from the Xenia avenue house was responding to an alarm, and just as it swung off Xenia avenue to Henry street, the boy darted out in front of it to cross the street. The horse trampled him down, and the heavy apparatus passed over his body, crushing him.

### Jack the Peepster Frightening Women.

SPRINGFIELD, O., July 21.—"Jack the Peepster" is again terrorizing the women of the East End and the police are trying to get hold of him. The man, who is said to be about 45 years old, stops up in houses and peeps into bedroom windows while women are disrobing. The men of the neighborhood are indignant, and if the fellow is caught it will go hard with him.

### One Splits the Other's Head.

PORTSMOUTH, O., July 21.—Thomas Fox of Parkersburg and John Goldberg of Huntington, two canvassers of the McCormick circus, have engaged in a desperate fight. Fox's head was split wide open with a tent stake and fatally injured. Goldberg attempted to escape, but was captured and is now in jail awaiting the result of Fox's injuries.

### A Discrepancy of \$3,000.

COLUMBUS, July 21.—The investigation into the shortage in the convict fund at the penitentiary is not yet ended. It is now said that the shortage during a single clerkship, that of S. L. Reeves, now superintendent of the city workhouse, amounts to \$2,000.

### McKeever Made a Good Fight.

NEW YORK, July 21.—"Kid" Lavigne, the lightweight champion of the world, and Charlie McKeever of Philadelphia fought six rounds to a draw at Madison Square garden. McKeever woke up in the sixth and went at his man like a cyclone. His two-handed fighting was excellent and he was wildly cheered. It is believed he was men will be matched to a finish.

### Another Filibuster Expedition.

NEW YORK, July 21.—It is believed that a filibustering expedition will soon sail from this port for Cuba. An important meeting was held in the Cuban Junta headquarters. The Cuban secretary of war is said to have participated.

### An Insane Laborers Crime.

INDIANAPOLIS, July 21.—Park Miller, a laborer, has shot and killed his wife with a rifle and turning the weapon on himself, committed suicide. The cause is supposed to be temporary insanity.

## COMPROMISE FAILS.

The Bryan Populists Refuse Such an Offer.

DEMOCRATS ALSO STAND FIRM.

Both Tell the "Middle-of-the-Roads" That the Ticket Must Be Bryan and Sewall—A Bolt From the Convention Now Almost Certain.

St. Louis, July 21.—The prospect for a compromise, which some of the Populists affected for a while to consider, probably has disappeared. It met its fate in the Bryan camp, where it was smothered apparently beyond resuscitation.

The compromise proposition looking to the retention of Mr. Bryan at the head of the ticket and substituting a Populist for Mr. Sewall for vice president, was sprung in the still hours of the morning in a promiscuous hearing of party leaders. It was afterward adopted by the executive committee of the national committee, and was by them exploited as a panacea which would ease all the ills of the situation by uniting all the factions. The southern delegations accepted the scheme with avidity, on the theory that it would aid them in maintaining the entirety of the party for which they have held out so vigorously.

The Bryan people did not adopt the suggestion of the delegation. They had no sooner heard of it than a Bryan meeting was called, which, in the forcible language of one who attended, "proceeded to immediately jump on it with both feet." This brief meeting and the one which followed between representatives of the Bryan element and the executive committee constituted important events. The result of these meetings is a probable split in the party, and the likelihood that the matter of endorsing Bryan or nominating another candidate than Sewall will have to be fought out in the convention.

It can be stated authoritatively that no compromise will be entertained by the Democratic committee. National Chairman Jones says he will be as loyal to the vice presidential nominee as to the presidential nominee. It is known that Chairman Jones does not regard a division of the electors as possible or believe that the Democrats could consent to any such division.

Senator Jones announces that this fight is one of principle; that the situation has narrowed down to the fact that either Bryan or McKinley is going to be elected president; the Populists can insure the election of Bryan by endorsing him, but by the nomination of another ticket they will endanger the silver cause. Senator Jones said that he had no pledges to make either general or individual, but could only appeal to the friends of silver for silver.

What effect the statement and position of Senator Jones and the other Democratic leaders has had upon the Populists cannot be told. In fact, there are not enough delegates here to make good or disprove the claims of either faction.

It has developed, however, that self-interest has much to do with the position of the Populists. It appears that in the south there are a number of leading Populists who hope to be elected to congress by the aid of Republican votes, and it is said they know that if they encourage the endorsement of Bryan or acquiesce in it, they could not hold these votes in the campaign they intend to make in the fall. These and other considerations, especially the fear that the Populist party may be dissipated by the endorsement of Bryan, have created quite a strong sentiment in favor of naming a straight ticket.

These matters have been discussed by the Populists who have visited the Democratic managers, and it is understood that an answer is already being made that the Democrats having made a nomination and adopted a platform, which, in all essentials, seem to be satisfactory to the Populists, they, the Democrats, can only hope that the friends of silver and the other principles of the Democratic platform will support the ticket and platform.

### MARK HANNA VISITS CHICAGO.

The Place For Western Republican Headquarters Being Selected.

CHICAGO, July 21.—Mark Hanna was in Chicago yesterday and national Republican headquarters are to be opened as soon as the executive committee makes up its mind as to the advantages of various locations offered. Accompanying the chairman of the Republican national committee when he arrived at the Auditorium were Senator Thurston, S. W. Allerton, and Chester M. Hayes. Awaiting his arrival at the hotel was a gathering of leading Republicans.

"We shall open headquarters in this city at once," said Mr. Hanna, "and a sub-committee will be immediately formed to select the most convenient location for such a purpose. I intend to put a considerable portion of my time in Chicago from this time forward and will be in charge of this end as well as the east end of the campaign."

While the nominal charge of the western committee's work will be in the hands of Mr. Hanna himself, the committee which will have to do the actual work will be Messrs. Payne, Durbin and Leland. The distribution of literature throughout the west will be one of the first aims of the committee. The Republican campaign in the northwest will be opened next week in Minnesota and Nebraska with speeches by Senator Burrows and Roswell G. Horr of Michigan.

### OHIOANS FOR DEBS.

They Like Bryan, But Are Opposed to Sewall.

St. Louis, July 21.—The Ohio delegation, headed by Hugo Pryor of Cleveland, has arrived with E. V. Debs' buttons in the lapels of their coats. They say they are for Debs, but realize that he cannot be nominated. Upon the question of endorsing Bryan they are divided pretty evenly.

If Sewall were not on the tail of the ticket, said one of them, "a majority would be for Bryan."

### FOR BRYAN AND SEWALL.

The Silver Republicans Declare They Will Support Him.

DENVER, July 21.—Senator Teller and 11 of his associates who left the national Republican convention have made public an address to the silver Republicans of the country, setting forth their views of the situation. The silver Republicans, congressmen and senators have been in conference at Manitou for several days over this statement. In addition to those signing the address, Senator Pettigrew of South Dakota and Senator Cannon of Utah are declared to be in sympathy with it, although Senator Cannon was not present at the conference owing to business engagements in Boston. In their address they say:

"The Democratic party in its Chicago convention, has taken a position in its platform so pronouncedly favorable to silver and has nominated candidates of such unquestionable convictions in favor of the bimetallic policy, and of such high personal character, that we have determined to give them our support. We support such candidates because they represent the great principles of bimetalism, which we believe to be the cause of humanity and civilization, and the paramount question now before the American people."

"We, therefore, announce that we shall, by voice and vote, support Messrs. Bryan and Sewall for president and vice president, and we appeal to all citizens, and especially to Republicans who feel as we do that gold monometallism would be of lasting injury to the country, to act with us in securing their election."

### A BRYAN RATIFICATION.

The American Silver Party Committee Holds a Meeting.

St. Louis, July 21.—The national committee of the American Silver organization has held a meeting at their headquarters, which developed, as expected, into a Bryan ratification. Among the prominent arrivals were Senator Jones and Representative Newlands of Nevada and Judge Scott of Kansas. All attended the meeting and were called upon to make addresses.

The most important speech was the one of Judge Scott, who said he had always been a Republican, and had never voted anything except a Republican ticket, but he would this year use every effort to secure the election of Bryan. It was agreed by all those present that silver could win, if the silver men united on the Chicago ticket, but a split would be dangerous.

A committee was appointed to confer with the Populists, with the object of having a single silver ticket in the field. It was also decided that each man should be a committee of one to work in the interest of Bryan.

### BRYAN LIKELY TO BE NAMED.

The Factions Coming Closer Together. Chairman Jones Promises.

St. Louis, July 21.—In case Bryan is nominated or endorsed Chairman Jones has agreed that the Populists shall have two representatives in the national committee and the Silverites one representative.

The two southern men suggested for vice president in the event of a compromise, which would give the latter place on the ticket to a Populist, are Judge Walter Clark of North Carolina and Colonel Minnis of Tennessee.

However, the difficulties in the way of accomplishing such a compromise is generally recognized as almost insurmountable, and this scheme is in a measure abandoned. The indications are that the different factions are getting closer together, and the general belief among the best informed on the inside is that the situation will clear today, and that the nomination of Bryan is reasonably certain.

### THE TEMPORARY CHAIRMAN.

Senator Butler the Leading Candidate For the Honor.

St. Louis, July 21.—The name of Senator Butler of North Carolina has been sprung in the executive committee for the first time for temporary chairman and is received with much favor. It is believed that his selection would be especially acceptable to the southern delegates.

Other names mentioned are those of General J. B. Weaver and "Cyclone" Davis of Texas. The selection will be made by the national committee. An influential member of the executive committee predicted that the choice would fall upon Butler.

Rev. Dr. Newman Hall of London celebrated his 80th birthday the other day. He is still in active work, and enjoys excellent health.

W. W. Harrison, an official of the Jacksonville, Tampa and Key West road, killed Francis M. Ector of the same road, in a dispute over cards at Jacksonville.

William Board was shot in the back and killed in a church yard, while his wife was attending services inside, near Harrodsburg, Ky., by James Wesley Baggs.

It is said that General Antonio Maceo has notified Captain General Weyler that he will in no event retaliate in kind for the massacres of Cubans by the Spanish soldiers.

The agricultural bureau at Washington reports prospects for excellent crops in New England, New York, Pennsylvania, Michigan and Iowa; fair prospects in Nebraska and the mountain states, and an average below 60 percent in the Atlantic coast states.

Dixon Willis of Warren Whitaker Sons, fruit growers at Tarpon Springs, Fla., was shot by Station Agent J. J. Saunders of the Plant system, whilst entering the station. He claimed they intended playing a practical joke on Saunders.

## BANKS TO THE RESCUE

Will Maintain Gold Reserve at \$100,000,000.

NEW BOND ISSUE NOT NEEDED.

Heavy Shipments to Europe Today Ran the Reserve Down to About \$90,000,000—July a Hard Month For the Treasury to Weather.

WASHINGTON, July 21.—The gold reserve is below the \$90,000,000 mark for the first time in many months, and at the close of business the actual figure was \$89,761,336, a reduction of \$2,706,300 for the day. Of the withdrawals \$3,033,000 was for export.

Treasury officials look upon this heavy gold drain as entirely abnormal, and are confident that it will not continue, at least so heavily. They say that there is nothing in trade conditions to warrant the exports, adding that although exchange is about a point above the shipping point in normal times, the conditions are such, in their judgment, as to make it uncertain whether it can be profitable at present. In the absence of Secretary Carlisle no one can speak authoritatively respecting the probability of another issue of bonds to replenish the reserve in the near future, but the general trend of opinion was that such a thing was not to be expected. The rumor has reached the treasury that the New York banks have decided to come to the relief of the department and pledge themselves to maintain the reserve at the \$100,000,000 point.

There was no official backing to this report, but officials profess to see other hopeful signs even if this promise fails of realization. Among them is the prospect that the demand for money in the west will oblige the New York banks to deposit gold with the treasury in order to obtain the necessary paper. This would aid materially to the protection of the gold reserve. The department has already accumulated in the general balance of \$261,918,393, no less than \$81,286,016 of old legal tender notes and \$5,113,019 in Sherman notes. This leaves the whole amount of legal tender notes outstanding, notes of a kind that can be used under the "endless chain" plan to draw out the treasury gold at only \$345,000,000, and very much of this is actively circulating in the course of daily trade. The national banks held of this total \$147,000,000, and so far as the treasury officials know they are not generally lending themselves to the present raid on the reserve.

As to other conditions, the officials are satisfied with the manner in which they have gotten so far through the month of July. This is always a trying month, the beginning of the fiscal year letting loose a lot of appropriations for miscellaneous objects as well as for rivers and harbors and pensions. The payments on account of the latter have amounted so far to \$9,837,000 this month, while the quarterly interest charges on the 4 per cent bonds and others have aggregated \$6,479,000. The total expenditures for the month have reached \$31,118,000, which leaves a deficit of \$12,091,294, but this is no more than was expected, while encouragement is found in the fact that the receipts have averaged well up to \$1,000,000 per diem, and that much of this increase is composed of internal revenue receipts, an indication that the whisky in bond has at last been drawn upon.

### NO REASON FOR ALARM.

Banker Cannon Says the Treasury Still Has Plenty of Gold.

NEW YORK, July 21.—The withdrawals of gold from the sub-treasury for export today to Germany aggregated \$3,030,000, of which amount \$1,550,000 was in fine gold bars and \$1,480,000 in coin, the aggregate withdrawals amounted to about \$3,700,000, including \$350,000 taken by Canadian banks, and reducing the treasury gold to about \$90,000,000. The strength of the exchange market and the prospect of further heavy raids upon the treasury stock of gold has resulted in a number of informal conferences between treasury and clearing house officers of the national banks in regard to protective measures.

It was rumored that President Frederick W. Tappan of the Gallatin National bank had secured the signatures of other bank officials to an agreement to turn over to the sub-treasury \$10,000,000 in gold in exchange for legal tender notes and that from \$10,000,000 to \$15,000,000 additional would be secured. It was admitted the conference has taken place, but the report of actual signatures to any specific amount were denied. President H. W. Cannon, who with President Tappan and J. Edgar Simmons of the Fourth National, has been especially active in the movement.

"It can be said that if the treasury should need gold, the New York banks would be prepared to furnish a very considerable amount. Nothing has been signed, however, and undue excitement should be deprecated, as the treasury now holds \$90,000,000 in gold. Money is easy and there is no just reason for alarm."

### Sacked and Burned a Saloon.

PARKERSBURG, W. Va., July 21.—Frank Hart of "The Jug," in Tyler county, has been arrested at Middlebourne in default of \$900 bonds for selling liquor without a license. Immediately after he was imprisoned the crowd present at the hearing returned to his saloon, drank all the liquor and beer they could find, became crazy drunk, looted the house, and, after making a pile of the furniture and debris, burned them to ashes.

### MAGNIFICENT STEEL BRIDGE.

The location is one of the most desirable in this section. The advantages are very great. Transportation by rail and river. Surrounding scenery all that heart can desire. Town laid out by an expert engineer, giving resident section all the privileges patrons can wish for; separate and distinct from the manufacturing sites, thus avoiding dirt and smoke. Gas, telephones, electric lighting, splendid water privileges, same as East Liverpool, and at equally advantageous terms. The new town is destined to make its mark. Manufacturing establishments have already been secured. Industries will spring up under the magic hands of push and enterprise.

#### LOCAL BREVITIES.

A reception will be given at Brunt's on Thursday evening.

Mrs. Charles Macrum is suffering with an affection of the teeth.

The kilnmen at Knowles' new end started to work this morning.

The water in Brady's hollow is higher than it has been for the past 10 years.

Earl Williams, of New Brighton, has taken up a position with a local foundry.

The dance at Bradshaw hall last night was well attended, and was a pleasant affair.

The Misses Ashbaugh, of Bradshaw addition, are giving a picnic to their friends today.

The Boyce and Patterson teams will play ball next Saturday afternoon. There is rivalry between the foundries.

A force of men employed by S. C. Williams began drilling for oil or gas on the Crawford farm yesterday.

Workmen began today to break ground for a new residence to be built by George Brunt on Fifth street.

The appraisers are at work today fixing the value of section 16, Elkrum township. George Hamilton is one of their number.

James Shelly returned home last night, after a visit of three weeks in Coreopolis. He left again today to seek work in Trenton.

The game to have been played between the Eclipse and Parkersburg teams, yesterday afternoon, was postponed on account of rain.

S. J. Martin, of Broadway, was yesterday afternoon taken suddenly ill with an attack of heart trouble. He is much better today, and his condition is not serious.

The river is falling slowly, and traffic is somewhat quieter. The Elaine passed up for Pittsburg about 4 o'clock this afternoon, and the Ruth is due down at 9 o'clock this evening.

An effort was made last night to have a meeting of the stockholders of Spring Grove. As a majority of the stockholders could not be secured the meeting was postponed until Friday night.

Frank Godfrey, an employee of the Boyce foundry, was severely burned on the abdomen, Saturday, by a mass of fiery metal, accidentally spilled. James Cunningham and Will Goslet, two other employees, were also slightly burned.

People who were passing along the Diamond early last evening were treated to a wordy war between two well known characters. For a time it looked as though blows would be struck, but the men were quieted by some friends.

Doctor McFeeters, who was a resident of Hookstown, and well known throughout the surrounding country, died at his home last Sunday, from an attack of stomach trouble. The funeral took place this afternoon, and interment was in Mill creek cemetery.

Mrs. House, of Fifth street, received a telegram early yesterday morning conveying the intelligence that her mother, who resides at Coal Centre, Pa., had suffered from a stroke of paralysis and was lying at death's door. Mrs. House left on the noon train yesterday.

A couple of lads were playing in front of a Market street shoe house yesterday afternoon, when one of them threw a stone at the other. The stone missed the boy, but passed through a large shoe case standing right inside the door of the store. The parents of the youngsters will be asked to pay the bill.

The following persons left this morning to spend the warm period in Mackinac: George Peach and wife, Joseph Geon and wife, Mrs. John Rinehart, Mrs. A. V. Gilbert and S. H. Porter. The party will go to Cleveland by rail, and the remainder of the journey will be made on board a lake steamer.

The New Era Camping club will strike their tents on Beaver creek today, and return home. Joseph Talbert, one of the members, killed a large copperhead snake with a stone after a hard battle. Clerk Gipner and family will move in from Cannon's Mill today, and the American Fishing club will also break camp.

John Moore was home from Sistersville yesterday, and he states that the special election to bond the county for \$90,000 for the purpose of building an electric road will be held one week from Saturday, and will undoubtedly carry. If it is successful, work on the line will start the following Monday. The electric light plant will be built in connection with the railroad.

The many friends of Miss Euphemia B. Huston will be delighted to learn that she is recovering rapidly from the effects of a recent illness at her home in St. Paul. Although out of the hospital, she is still under the care of a physician, but much improved. Samuel Arbuckle, also well known in this city and a resident of St. Paul, has been very ill with typhoid fever, but is now much better.

Two leading business men of Beaver were in the city yesterday, and called on T. B. Murphy in search of information regarding a street fair. They will have one in the fall, and as Mr. Murphy was president of the local organization several years ago, they went away well stocked with pointers. They will have a marriage ceremony in connection with the fair, and were at a loss to know where they could find the necessary principals.

Shoemakers Want a Local  
Union Formed.

OPPOSED TO NON-UNION SHOES

They Will Ask East Liverpool Dealers to  
Sell None But Goods Bearing the Union  
Stamp—Only a Few are Out of the Organi-  
zation.

The Shoemakers' union, although organized but a short time, promises to become one of the strongest unions in the city. They have now 14 members, which includes every shoemaker in the city, with the exception of three, and efforts are being made to have these join the union and adopt its scale of prices.

The union held a very interesting meeting last night, with a goodly number of the members present. After the usual routine business was transacted, the matter of having the Wellsville shoemakers organized was brought up. As it seemed to be the general opinion that it would be for the betterment of the cobbler of both cities to have them take this action, a committee, composed of Alfred Peterson, John McVay and Alexander Fraser was appointed to wait upon them. The committee will endeavor to have the Wellsville men adopt the scale of prices prevailing here, and if they do not wish to form a local of their own, the right hand of fellowship will be extended, and they will be asked to join the East Liverpool organization. The committee will endeavor to have something definite for the next meeting.

The only other important matter discussed was the subject of non-union shoe manufacturers and their goods. It was decided that each member of the union should exert his influence to have local dealers handle none but union-made shoes. A number of questions of a private nature were acted upon.

Card of Thanks.

We wish to extend our sincere thanks to those kind friends, who manifested their sympathy by word and deed during the illness of the late John A. Kenney.

Mrs. KENNEY and FAMILY.

Don't Stop Him!  
He had a bad attack of colic and is making for Bulger's and Reed's drug store after a bottle of Foley's Diarrhoea and Colic cure. Twenty-five and 50 cents.

For sale at Bulger's and Reed's drug stores.

Selling Property.  
Deputy Sheriff Chris Bick was in the city this morning. He went from here to Wellsville, where he sold a piece of property, to satisfy a judgment in a partition case of Margaret J. Clyde against Mary A. Campbell.

Attention, Old Soldiers!  
The manufacturers have instructed Bulger and Reed to give a bottle of 25 cent size of Foley's Colic and Diarrhoea cure free to the first soldier of the civil war that applies for same. It is the great remedy for Chronic Diarrhoea, Cramp Colic and all bowel complaints.

WINONA LAKE EXCURSIONS.

Special Rates via Pennsylvania Lines for Winona Assembly.

Season excursion tickets to Winona Lake (formerly Eagle Lake, Ind.) will be sold via Pennsylvania lines on and after June 21. The return limit will include Oct. 31, allowing a season's sojourn at this delightful resort. Special low rate tickets, good returning 15 days from date of sale, will also be sold during the months of June, July and August.

Winona Lake is the site of Winona assembly, which affords notable opportunities for recreation, instruction, entertainment and devotion. The assembly grounds, comprising over 200 acres, surround the lake, a beautiful sheet of clear water near Warsaw, Ind., on the Fort Wayne route. Many pretty cottages have been erected on the grounds, which are nicely shaded. The improvements include a fine park, bicycle track and ball ground, with a large amphitheater; an auditorium seating over 3,000 persons; college halls, hotel, restaurants and supply stores. Rates for entertainment at the hotel and boarding houses will be found very reasonable. The fishing is fine, and the large fleet of row boats and steamers afford facilities for delightful boating. The summer school will be in session from July 20 to August 14, in charge of Dr. John M. Coulter. In August a Bible conference will be held under the direction of Dr. J. Wilbur Chapman. Well known educators and lecturers will take part in the educational work. Time may be pleasantly and profitably passed at this pleasant resort, and body and mind invigorated by health-giving recreation and instructive entertainment.

For rates and information about train facilities apply to ticket agents of the Pennsylvania lines, or address F. Van Dusen, chief assistant general passenger agent, Pittsburgh, Pa. For information concerning the assembly address Rev. R. V. Hunter, Eagle Lake, P. O., Ind.

When love man's heart he usually comes in disguise. Does it want it known what he's up to. If she knew all about the little rascal, would she let him in? That's a question. Women are apt to look upon love and marriage as purely a matter of sentiment and affection. That is pretty nearly right; yet there is a practical side to it, and the best way to preserve the ideal aspect of marriage and maternity is not to forget the practical part of it. A woman cannot be a thoroughly happy wife and mother unless she has a practical knowledge of the distinctive physical organism of her sex is in a healthy and vigorous condition. The best friend that woman ever had is the "Favorite Prescription," of Dr. R. V. Pierce, Chief Consulting Physician of the Invalids', Buffalo, and Surgical Institute, Buffalo, N. Y. The "Favorite Prescription" is a perfect and infallible remedy for every form of "female weakness." It cures by restoring health and strength to the internal organism, which cannot be cured by "local applications;" it thus cures the radical, complete and constitutional.

Dr. R. V. Pierce's eminent reputation as a physician of wide learning; and his special knowledge of the delicate and intricate organism of women, accounts for the unparal- leled confidence, which women place in his "Favorite Prescription," over every other remedy. Its use obviates the necessity of dreaded "examinations" and the stereotyped "local treatments."

Dr. R. V. Pierce, Dear Sir—I suffered fourteen years with female weakness, nervousness, and general debility, trying everything I could find to help me, but to no avail. I then heard of Dr. R. V. Pierce's medicines and although I was thoroughly discouraged, I thought I would try once more to find relief. I took your "Golden Medical Discovery" and "Favorite Prescription," and too great praise cannot be given for the rapid relief they gave me. I am now free from the former troubles. Very sincerely yours,  
Mary J. Stewart.

"The Speeder."

IT IS A BEAUTY,  
and ranks with the best in the market. The price has been \$125. I am selling it at \$80, and have exclusive agency for Columbiana county. It is changeable gear, 50 to 68—56 to 78—63 to 86. Low and high gear. I am selling the handsome MORADO at \$50. It's a great bargain.

A GOOD INVESTMENT.

I own an acre of rich ground, desirably located, alongside the street car line. On this land is a nice 6-room house, with water upstairs and down; house in the best of repair. I want an experienced greenhouse man to locate here. Will erect three greenhouses and give said expert a splendid chance in business. For full information, terms etc., apply at
